Shuttle Transportation

Karst Stage will be providing shuttle service for the DXC held at the Big Sky Resort, Montana. Their counter is conveniently located inside the passenger terminal in Ground Transportation. Karst Stage serves all arriving and departing flights at the Bozeman Yellowstone International Airport seven days a week, although they do not have a shuttle departing after every arriving flight. In order to offer a special conference rate a reasonable wait may be necessary after some flights. NO other shuttle or taxi service is available at the Bozeman Airport without advance reservations. Questions can be directed to: contact_charter@karststage.com.

Reservations are required by July, 29, 2017 and should be made on their website www.karststage.com; begin with "Book Now" under "Airport Shuttle" at the bottom of their home page. Karst Stage will be offering a discount of 15% off of their published shuttle rates for our conference. To qualify for the conference rate be sure to enter the promo code "DXC2017", on the "Make a reservation" page. Be sure to have your arrival date, departure date, and destination filled in before trying to enter "DXC2017". All online reservations will be confirmed by email. In this email you will receive your receipt, confirmation letter, and your tickets. Total trip cost paid online does not include a driver's gratuity.

Please call 1-800-287-4759 if you encounter a delay or cancellation en route to Bozeman Yellowstone International Airport. Check in at the Karst Stage counter in Ground Transportation immediately upon arrival at the airport (before claiming your luggage) if you don't locate their driver. Big Sky is 53 miles from the airport and the drive will take approximately one hour and fifteen-minutes. Your return shuttle will be scheduled to get you to the Bozeman Yellowstone International Airport approximately 1 ½ hours before your flight departs.

Cancellation Policy: No penalty for shuttles cancelled 24 hours or more prior to the departure from the airport. No refund will be issued for shuttles cancelled with less than 24 hours advance notice. Please call Karst Stage's toll free number (1-800-287-4759) if you are delayed, miss your flight, or your flight is cancelled.

*Please note there is a two adult fare minimum during the summer months. You will initially be charged for only one fare, however, if no other reservations are booked for the same date/time you will be charged an additional adult fare.
