Electronic Posters (E-posters)

How to get Started

You will receive an email by **3 July 2025** from Steph Jennings (sjennings@icdd.com) with a link to build your virtual Poster Display in Whova. Your poster will be made available to conference attendees beginning on **Monday, 28 July 2025**. All posters will remain on the app until **8 September 2025**.

Each virtual Poster Display may include the following four components:

1. Poster Information

Using the ‘Description/Abstract’ section of your virtual poster display, provide a few highlights about your research. Highlights are three to five sentences or bullet points that help the reader to understand the scope of your work (maximum 500 characters). Keywords can also be used. Think of this as a way to grab attendees’ attention, and draw the crowd to your poster.

2. Abstract

A PDF of your submitted abstract will be added by DXC Staff after your poster has been uploaded.

3. Poster Presentation

Please upload a PDF of your poster in the “PDFs” section.

Upload Instructions:

- Go to the “Upload Document” section under “PDFs” in your virtual Poster Display, and follow the instructions to upload your Poster.
- All posters must be uploaded as PDF (.pdf). PDF file size may not exceed 10MB. All PDF poster files must be submitted **by 1 August 2025**.

4. Photos:

You have the option to upload a Cover Photo and Photos that correspond with your Poster. Many use this spot to pull pictures from their poster to highlight in a larger scale.

All poster content will be available to attendee through **8 September 2025**.

Cancellation of Poster Presentation

It is considered unprofessional for a presentation to be cancelled after it has been widely publicized. However, the DXC Organizing Committee realizes that emergencies can arise. If you need to cancel your presentation, please notify Stephanie Jennings as soon as possible: sjennings@icdd.com. This is important for both oral and poster sessions. Those who do not present their publicized work and do not send cancellation notice (No-Shows) will jeopardize their opportunity to present at future conferences.

Please Note: Denver X-ray Conference/ICDD does not permit any type of recording (photography, video, audio, etc.) of lectures, posters, tutorials, workshops and commercial exhibits at the Denver X-ray Conference without prior permission of ICDD or the individuals/entity involved.
